I am a full-stack web developer and IT instructor who is proficient in the use of web technologies like HTML, CSS, JavaScript for Client Side and PHP and Django for Server Side development. I am looking to work in an environment where I can offer my skillset to the well-being of the organization and also enable me grow professionally.

Experience

IT Instructor – Dec, 2020 – Present
FEMTECH IT Company, Ilorin, Kwara State
- Introduced beginners to the rudiments of web application development. I teach them how to build web applications using technologies like HTML, CSS, JavaScript, Bootstrap, JQuery, PHP and MySQL
- I teach Python Programming to both Kids(age7-15) and adults.
- I use my knowledge of python to teach students web application using Django Framework.
- Managed the company website using Open Cart to add and update products to the database.
